

How to log in and use the app — quick start guide

Stuck at any point? Just ask your coach or teacher — that's totally fine, everyone starts somewhere!

1

Open the app on your phone or laptop

This opens the sign-in page — tap the "Staff / Student" button (not Admin PIN).

Option A — scan this code with your phone camera (easiest)

Option B — or type this address into a web browser:

app.thesolarcampus.com/login

point your camera app here

2

Type your Username

Your username = your first name + the first letter of your surname. All lower case, no spaces, no dots.

e.g. Caleb McWilliam → calebm

*Not sure of yours?
Ask your coach.*

3

Type your PIN, then tap Sign In

Everyone starts with this PIN.
Lost it? Ask a coach to reset it.

**Want your own? Once in, go to Profile
→ "Change my PIN".**

That's it — you only log in once

After this, just tap your phone on the NFC reader each morning, at lunch and when you leave — your phone stays signed in, so attendance is one tap. No app, no typing, every day after today.

Once you're in — what can you do?

T
